RSVP to Katelyn Adame at Katelyn.Adame@yahoo.com

Or

Dolly De La Rosa-Kania at DDKania@gmail.com

[On-site registration available as well](#)

The Adopt a Beach Program is not just about trash, it's about the need for oceans, shorelines, and waterways. It's about Californians acting together to create solutions to marine pollution. I love a Clean San Diego has expanded the Adopt-A- Beach program to include inland areas, in order to highlight the fact that almost 80% of marine debris originates from inland sources. By Troop 5009 (Cheetahlicious All the Time) adopting Rice Canyon and with your assistance, together we can prevent trash from making its way to waterways and eventually the ocean. Thank you so much for your assistance!
